FOREST AVIATION INSURANCE

Sixteen years after founding Forest Insurance in 1957, WWII Air Force Veteran Bill Browne, along with fellow Air Force Veteran Price Downey, formed Forest Insurance's Aviation Division in 1973 to help meet the needs of friends and colleagues with acrobatic aircraft. After expanding coverage to include non-acrobatic aircraft, Forest Insurance was the founding company of the IAC's first group insurance program, insuring many of its members from 1976 on.

Forest Insurance has grown from a one-person shop in 1957 to one of the largest independent insurance agencies in Illinois, employing 17 full-time staff servicing more than 4,000 clients in Auto, Home, Business, Life, Disability and Aviation insurance.
